

Wild Ones Middle Tennessee Chapter Meeting

Monday, July 22, 2024, at 7:00 pm CDT

Ed Jones Auditorium (416 Hogan Rd., Nashville)

See chapter [web page](#) for details and Zoom information

Rain Garden Success: Tips for Installing and Maintaining Rain Gardens in Middle Tennessee

Andra Prewett

Rain gardens are a great way to reduce pollution and prevent flooding in our waterways. In fact, many municipal stormwater departments encourage homeowners to install rain gardens on their properties. Andra will share her experience gained from managing the 2,900 square foot rain garden at Lane Agri-Park in Murfreesboro, TN, to help us better understand how to build a successful rain garden.

Andra Prewett is a certified Master Gardener in Rutherford County, TN. She is the project leader of the demonstration rain garden at Lane Agri-Park, which won a Conservation Promotion Award from the Tennessee Association of Conservation Districts in June of 2024.

Zoom and In-person Meetings opens at 6:30 — Program at 7:00

Everyone is welcome!
